1. COMPETITION BRIEF

We are asking Jamaican residents to create an original design of a craft item that demonstrates originality, creativity, potential for production and income.

Alongside the Creative Industries Conference (November 2013), the Jamaica Intellectual Property Office in association with the Ministry of Tourism and Entertainment, is hosting a Design Competition aimed at participants in the craft industry. This competition will not only foster creativity but will focus on the linkage between intellectual property protection and the industries’ business structure and practices.

The designs should portray craft and design products which appeal to local and overseas buyers. They should symbolize quality, time-honoured traditions of creation, use of indigenous materials (where possible/sustainable) and encompass connections to Jamaica’s rich culture and history. This requirement supports the objective of identifying uniquely Jamaican items, which will highlight the creativity and pride of our nation and people.

1.1 Submission Deadline
Submission ends at 5:00pm on Thursday October 31st 2013. Late entries will not be accepted.

All submissions must be made to the Jamaica Intellectual Property Office (JIPO) located at 18 Trafalgar Road, Kingston 10 or to Tourism Product Development Co. Ltd. (TPDCo.) offices:

The organizers will appoint a three member judging panel per category which will include a majority of practicing craft designers and retail experts whose role is to ensure that submissions meet the rules outlined in the Criteria.

Entries not adhering to the rules may be excluded from the competition, at the discretion of the judges. The judges’ decisions are final and there is no appeal.

The panels will select two winners per category. The format of the competition is as follows:

- “Authentic Jamaica”- All entries, regardless of category entered, should symbolize quality, time-honoured traditions of creation, use of indigenous materials (where possible/sustainable) and encompass connections to Jamaica’s rich culture and history. This requirement supports the objective of identifying uniquely Jamaican items which will highlight the creativity and pride of our nation and people.

- Four Categories:
  - *Souvenir* - Entries should be mementos reminiscent of Jamaica and with an estimated retail price of US$25.00 and below.
    - Examples: key rings, wraps, beach towels, paintings;

  - *Textile* - Entries should be predominantly made of fabric such as cotton, denim, leather, lace et cetera
